leave allowances and pension of 8 hands entertained in the Comptr's office and in the late Huzur Sectt whose pay is debited to the funds of Sri Kalaseswara Swamy and Sri Chamarajeswara Swamy Temples, was waived.

Submitted for orders the Mysore District Office Establishment is paid from the funds of the Chamarajnagar Temple, and the Dy Com. Mysore Dist. enquires whether the establishment may be treated as borne in pensionable service & permitted to submit proposals for sanction.

There is a precedent for this in that the officials of the late Huzur Sectt who were paid from the Kalasa temple were allowed to be borne on pensionable service.

The Mysore Establishment of the Dy Commissioner's Office, Mysore is not at present regarded as a Govt establishment, and it is not provided for in the Govt budget. Its salary is paid at the Govt Treasury, but charged directly to the funds of the Chamarajeswara temple in accordance with Govt orders. As such, the members of that establishment cannot be regarded as holding permanent appointments under the Govt of Mysore, and are therefore ineligible for Insurance in the State Life Insurance Scheme.

Submitted to Hon'ble Council

The question of pension to Mysore servants has engaged my attention for some time. My idea is that if ~~they~~ those servants are those who do clerical work in Divisional and Taluk offices ~~Cannot be treated as~~ and are paid from the funds of institutions cannot be said to be permanent they might at least be ~~as~~ considered as on foreign service and a contribution towards pension received from them provided they were once in the permanent

Next year is of further loans, on which the Queen's Government have, on account of Imperial Service troops, to refund to Foreign Governments, from annual sums on Estimates, not out of loans; and such annual liability [illegible] permanent.

In this present case the Comptroller has given reasons why the Imperial on the Establishments of his Comptroller's office and the Lights office Establishment, this Imperial Office Establishment should be considered permanent. It is very necessary that this should be considered permanent. If that should be absolutely impossible there should at least be no objection to levying a contribution towards pension and look upon this Establishment as permanent.

Certain Clerks are entertained in the Regnr & Comms Office to keep the accounts of certain Mysore Institutions - the Cost being debited to the funds of the Chamaraja Nagara Temple. The D/y wants to know whether on the analogy of the Staff maintained in the Temples & the Muzrai Office the Cost of which was debited to the Kalasa Temple which was allowed to be treated as Service, the present Staff may not be so treated and given the benefit of Remuneration - The Comptroller whom was consulted was of opinion that these Establishments Could not be treated as for Establishments and they Could not therefore be allowed to be remunerated. The proposal now is to treat them as for Service - the men being Considered as on free Service Contribution being recovered from the Temple funds.

It is submitted file for Waiver of the rule

of Checking Contribution but that does not seem quite correct in principle. If the Temple is a Corporation that never dies, there seems the less objn to treat it as an admn to which free pn service rules apply. There is also some advantage in so doing. If the temporal Establishment were reasonable, there wd be difficulty in getting proper men to do duty whereas if they are reasonable it will allow of men being transferred on to other appts in the pnl service & their places taken by other legally fit persons.

Mr Thumpe submitted that provided the Temple pay made up to the actual pay of the Estab, contribution for leave and pension there seems no reason why these persons shd not be treated as being pnl servants on free pn service and the benefits of Insurance & Leave &c be given to them. [I am sorry not to presume of the work this file covered when submitted earlier]

I agree on the general question as at A. But the order should not have retrospective effect on payt of back contributions without special scrutiny of each case.

Routine Notes.

Submitted

In connection with the Question of making the Service of the mysore Dt. mun: Staff pensionable, I beg to submit that ~~that~~ to treat the Offrs as ~~fr~~ servants deputed for foreign service & paying them from the Chamarajnagar Temple alone does not seem to be quite justifiable. The officials do the mun: work of the whole district, and ~~get~~ pay from the funds of that single temple - To make the temple pay the contribution also wd I think be a further drain on its resources, ~~which~~ richly as it is.

The principle of foreign service is as I understand it that a ~~fr~~ servant is deputed

I beg respectfully to submit that the proper course to follow in this case seems to be to pay these officials proportionately from the funds of at least a majority of major institutions in the District & levy contribution from all those institutions.

Wire also a question for orders if contribution cannot be waived as in the case of the Kalasa temple funds

Pension to Muraii servants.

1) The conditions of qualification for pension under the Mysore Service Regns (art: 250) are
   1) The service must be underfpt.
   2) The employment must be substantive & permanent.
   3) The service must be paid by Govt.

2) In the case of Muraii servants — i.e. officials employed on clerical service in the Dy Commrs offices & elsewhere, the first condition is satisfied & the 2d depends upon the 3d. The 3d condition viz the source of remuneration is often subdivided into two heads. Vide art 264 of Mys. Regns. The two heads that concern the Muraii Dept are (e) Funds in respect of which Govt holds the position of trustee & (f) Palace funds. The Service Regns make the service paid from Palace funds a pensionable one; but that paid from the other source (Trust money) unpensionable. The service Mysore paid from mutt & Temple funds as to be

considered as paid from Trust money which the S. Rly. does not count for pension - vide art. 26 d. So an strict application of account principles to this case, since pension paid from the Temple funds does not count for pension.

3) A deviation has however been made in this respect in the case of certain (the Head Constables) Office clerks paid from the Rajaswamabavani & Chamarajswamy Devasthana Temple funds, & they have been admitted to the advantage of pension & allowance.

4) The question now for consideration is, whether certain clerks in the Engr. Civil Office at Mysore doing current work of the district fund from the Chamundeswari Devasthana Temple funds should not be made permanent & their service considered, & the benefit of life pension extended to them.

5) The Financial Secretary who was consulted in the matter has no objection to treating this service as pensionable provided that this is considered to be foreign service & that pensionary contribution is effected

NOTE—Contn. sheet.

from the temple funds.

6) The question now turns on the temple from the funds of which this charge is to be incurred. In the case of the Mysore Distt Medical Establishment, it is proposed to meet it from the Chamarajnagar Temple funds. The clerks of the Dy Com's office do the work connected with all the temples in the District, and as the matter now stands they get their pay + Travelling allowances from the funds of that temple alone. Such the testimony contributions also have a drain on the temple funds & probably an undesirable extent.

7) It is to be found that Gr 12 were placed temporarily for contribution from the Kalyani Mantapa Temple funds for which certain clerks of the Income tax Office are being paid. (vide f.c. dd 6.2.25 & 28-3-06.)

8) Precedents can be sought for in the municipal + Insurance departments as for the Insurance Dept Office both, I find on record copying that there is no such specific order

that the cost is paid from local or public funds, the rules of this account code & Service Regns apply to them.

9) Ors for municipal dept officials - Ords Nos 67 & 97 and 105 of 895 are herewith submitted for perusal. The grant of pensions to these officials is guided by G.O. No. 8959-69/L.7.105-95 dt 31.1.94 which forms Rule B of the Service Regulations which is as follows:-

XII-A

I. All employés in the permanent establishment of municipalities in the Mysore State be eligible for pensions or gratuities, except the following:-

Shanbhogs with hereditary, watan, fees, Sweepers, watchmen, Cooks, Khalasis, Coolies, the fees & emoluments paid by Communities, Municipalities, & pupil teachers.

Such pensions & gratuities shall be paid by the respective municipalities & charged to their funds.

II Servants belonging to any, except under Govt but transferred to the service & employ of the municipalities in the State, or Village, shall be eligible for pensions & gratuities

payable from Govt Revenues & the funds of the municipalities concerned according to the Rule of proportions.

III Employees whose pay is borne by more than one municipality or shares, shall be eligible for pensions & gratuities, payable from Govt Revenues, which shall be credited a contribution equal to ¼ of their pay levied from the funds of the municipalities according to their shares. The recovery of contributions from the several municipal funds shall be effected at such a time & official year.

IV No deduction shall be made from the pay (any) of employees on account of pension or gratuity.

V All claims to pensions, gratuities, and all other matters connected therewith, shall be determined according to the provisions contained in the Respective Service Regulations.

their pensions ~~were~~ debited to the several municipalities in the State in proportion to their incomes; and it was only then that these costs were commuted to be charged to Provincial funds.

(1) ~~Four~~ courses were open for adoption in the case of the Municipal Pensions to meet the difficulties of the District Board Establishments, i.e.

(a) all municipal institutions or the amalgamation, all municipalities should contribute towards the pay & pensions of the District Board establishments in proportion to their incomes.

(b) all municipal institutions, or the amalgamation, all municipalities should bear the pay of their establishments, but pensions could be paid from Provincial funds collected by pay as contributions from the funds of the institutions or in the case of municipalities according to their proportion.

(c) the pay of the staff should be borne by the funds of the several Municipal institutions according to the Rule of

proportions; but a percentage of their incomes can be levied each year, made into a fund, called 'the Murrai pension fund', invested in first class Indian securities, the pension met from the interest accruing on the fund.

(c) The advantage of the 2nd course cannot be overestimated. The fund will in the fullness of time reach such a considerable amount that the interest accruing thereon would be more than sufficient to meet the pensions of the Murrai servants; but can also be utilised to sanction ~~such~~ such relief, or debit a large number of ~~pensions~~ pensioners from charge of the Murrai estate.

(d) In the case of a Murrai servant taken ultimately into Govt service, the pay should be debited to the Temple fund in connection with which he will be working together with pensionary contribution for so long as he is in Murrai service, his pension being at the end borne by provincial funds.
